Simplifying All Fee Payments Online

NUMLPay offers a one-stop platform for all fee payments, including bus, hostel, mess, tuition, transcript, and degree fees. Streamline your financial transactions with ease, ensuring convenience and efficiency for students and administrators alike.

Streamlined Fee Management for all type of Students

Effortlessly manage fee payments for active, ceased, and relegated students through our intuitive platform, ensuring inclusivity and convenience for all.

NUMLPAY

One Click Solution

Motive Behind NUMLPay

We, along with our fellow students, have faced the inconvenience of waiting in long queues at the bank to pay fees. NUMLPay was developed to streamline this process, offering a quick, easy, and efficient online payment system to save time and reduce hassle for everyone.

WHAT WE DO

Online Payments

NUMLPay offers a seamless online payment experience, accepting credit and debit cards, including VISA and MasterCard. Our system ensures secure transactions, making fee payments convenient and efficient. Say goodbye to long queues and enjoy the ease of paying your fees from anywhere, anytime.

Big Data tool

Our innovative big data tool provides a centralized dashboard accessible to all four administrators. Seamlessly monitor and analyze data insights, empowering informed decision-making across your organization.

NUMLPay

Working

1. **Signup and Approval**: Students register and await approval from the department coordinator.
2. **Account Access**: Upon approval, students access their accounts to generate challans for various fees.
3. **Payment Options**: They can choose to pay via bank or online using debit/credit cards, offering flexibility.
4. **Receipt Download**: After payment, students can download receipts with the NUMLPay stamp for their records, ensuring transparency and convenience in fee management.
5. **Download Unpaid Challans**: Students can also download unpaid challans to facilitate payment via bank, ensuring convenience and flexibility in managing fees.
